

## **Satan's Eden no 126**

*The Word Seed pt 5*

September 10, 2023

Brian Kocourek, pastor

Let's bow our heads in prayer. Gracious Father, we're so grateful Lord for all the revelation you've given us. Father, I just feel like we're becoming children and really knowing You, as our Father. And so, Lord, we just thank You. And we can't say enough, Lord, that we love the way that You just lead us into every aspect of life, and it's just for our good.

And so, Father, we're thankful for that and we ask you to bless the Word. In Jesus Name we pray, Amen. You may be seated.

So now, this morning I kind of finished, I got about 5 pages into number 140, and as you see, we only have 126. So, I've got enough to get us through to December 3rd, and he's just so wonderful, just what the Lord is showing us. And so, we're just going to take again, Brother Branham's thoughts, on the Word Seed. And this will be number 5 and we're just going to comment on them.

And I told the brothers what I told Brother Vayle years ago. I said, my ministry is not really preaching. It's more like writing. And he said, well that's the way he felt about his own ministry when he wrote the Church Age book. He also wrote the 20 Century Prophet, and so both of us are kind of lacking the Super duper. You see these ministers that jump all over the pulpit and they run around, and they preach everything else.

Well, they're fine for that. But I'd rather just put my thoughts in writing. And as our Lord anoints something, then come to the pulpit. Brother Vayle said, you get your anointing in the study, and so, then come to the pulpit under the same anointing and just say those few words.

**Show us the Father 54-0811 P:27 Now every Word of God is the Seed.**

And I just can't get that across enough. And of course, this whole mini-series, five sermons so far, is the quotes where Brother Branham actually talked about the word being a seed or the seed being the word. And so, I just want to read that again.

***Now every Word of God is the Seed of God, and It'll produce just exactly what the Bible says it is. If you need salvation, take the Seed of God: "Come unto Me all ye that labor and are heavy laden." If you need healing, "I'm the Lord that healeth thee." Anything you have need of, it's a promise in this Bible, God will take care of every promise.***

So, we have promises for this hour. Men say, well listen to the science. I don't believe in science, not like theirs, because Apostle Paul called it science, falsely so-called. However, I did see a video this week, where they said that science actually produced a 14-day old embryo, not using sperm nor using an egg.

Well, I recall sitting in service, and Brother Vayle said, he read a quote from Brother Branham. And Brother Branham said, when man begins to create, it's all over. So, we know it's all over. And so, I think sometime, we're finding in October, they're going to have a FEMA test on your phones. And course people think, well, that's just a test. No. There's another video out that says actually they will activate what is already injected in the people. So, I would say on October 4th that you have your phone, just don't use it that day, just turn it over to the Lord, and maybe put it in a Faraday cage. And you can buy them for a few pennies. I mean they're pretty cheap. So anyway, because it will activate, (you people haven't got the jab,) but the people near you do and maybe the loved ones too.

So just it's going and this time they said that the injections, the last set of injections, you remember, they start out saying, just you want injection. Oh, OK, everybody thought, wow, that's great. We'll just get vaccinated. And so, they all got it. Well, then they said, oh, well, you know, you might need 2 injections. So then everybody came and got the 2nd injection. Well, then they said, every six months. And so, people just, like sheep, they just went wrong with it, and got the 3rd and then the 4th and the 5th and the last few injections, they put Marburg in it. Marburg is a type of Ebola, which means you will bleed from the eyes and nose, mouth, ears, any opening in the body will bleed. Well, you know what? That's actually in the scripture, Brother Branham said. It will come a time, according to the word of the Lord that, and I think it's in Zechariah 14:12. It says that there's coming a time where men will bleed from their eyes, from their mouth, from their ears, etcetera. That's Ebola. And so, we know we're here. We've arrived. So now we know that the next thing, like Tucker Carlson says, I don't believe there will be an election in 2024. Now we're only a year away. But he said we will be in a hot war with Russia, and we will be destroyed. And I say, that's what the prophet said. Amen to that. Now I'm not really happy about being destroyed, but I won't be here for it. So, I'm sorry. If anybody, listening is going to be here, I doubt it.

But I'm just saying that that's going to happen. So, we want to have our trust in God, because really, what can you do anyway? Like these people, we have our electric cars and this and that, and they think, oh wow, this is

the great, neatest, and greatest electric car. And nothing just happened. But The thing is, there's 30,000 tons of destruction to the earth, to the water, to the soil, to dig up all the lithium, not to mention all the children like William's age that are having to mine it. All right, so you're destroying homes, everything else. So, you can drive in your clean car, I guess it's not really a clean car after all. And so, let's say, well, we're going to save the planet.

Well, I would like them to discuss this with the people that were buried 30 feet in the volcanic ash from Mount Krakatoa. All right, just come out. Use your heads, OK? Don't fall for everything. That's why Brother Branham told us to get the TV out, because all these ads are nothing but poison. I was looking at an ad that Brother John showed me. It was My Little Pony? Well, they had a rainbow behind it, and it said My Little Pony. I mean, my kids grew up with that stuff. And we didn't realize back then, the agenda, but we do now. And you know the rainbow was a six-color rainbow, it didn't have the seven colors of the rainbow. It was a homosexual rainbow. And we didn't understand that stuff.

So, we allowed the kids to have it and this and that. And they've been poisoning the minds for 40 years, for 40 years they've been poisoning your minds. Well, I just told my girls when I sent them the picture, I said thank God we've applied the Token all those years and our children have been spared. So, we just want to watch our kids, because everything is on the agenda today.

So, Brother Branham continues.

*And listen to this. I say this reverently, quietly, so you can remember what God will do: **The right mental attitude towards any Divine promise of God will bring it to pass. If you'll take the right mental attitude towards any Divine promise, it will bring it to pass.***

Well, what's the right mental attitude? God said it. It's Thus saith the Lord, it's going to happen. I don't care. Heaven and earth will pass away, but not one jot or my title. That's what He said. Heaven and earth will pass away, but not one jot or title of my word will fail.

So, to the farmer, all he has to do is plant the seed, and to us, God planted it and expects us to believe for it. That's all. And if you expect it, you will receive what He promised.

If you accept healing, He's got it for you. If you accept a pay rise, pray for it. God will give it to you, all right. If you have need of finances, pray, God

will give it to you. God will not withhold any good thing from those who love him.

**I will restore 54-0809A P:35** *Esau and Jacob, why, Esau was more of gentlemen looking than Jacob was, but Jacob had recompense to the reward.*

*He believed in that birthright, and he held on to it regardless. There you are. We can take Israel. When Israel was coming up, Look at these two vines now. I'm bringing them from Genesis, and as they go up. Now, Christians here, there's many a Lutheran setting here, Baptist, don't condemn them people, they lived in their age. Jesus said, "**Every Word of God is a Seed.**" Is that right? A Sower went forth sowing seed.*

*He said, "**I, the Son of man, has sowed the Seed, and the seed's the Word of God.**" And **every time you see this Bible say anything, it's a Seed**, and it's absolutely...*

So, everything in here (Bible) is a Seed. That's really wonderful. You know, we think about wow maybe I should have some original heirloom seeds to plant. Well, I've got a book here full of seeds and you know, He said what child asking for a fish and his father, give him a stone. What Asking for a piece of bread? He would give him a serpent. So, God has the right thing for us. OK, So don't be worried about these heirlooms. You know the heirloom seeds don't even work anyway. I mean the cheap stuff from Walmart works better than the heirloom seeds do. So, they just don't grow. OK,

So, what he is telling us here is that any seed that you come across in God's Word is yours if you receive it as yours. It's a type of the promise God made to the children of Israel that every step they took when they crossed Jordan, if they claimed it, then it would be theirs.

Remember He said that you're about to crossover Jordan and every step that you take will be yours. That's quite a promise. Especially when they saw those men in the land that made them look like grasshoppers.

You know they had giants in the land in those days and I took the Brothers down to the mount the other day and they had there, we didn't see the sign, but I read about it, that there they found people that were buried, that were 9 foot, seven.

See, he'd be up to the top of that window up there and probably bump his head on that if that was the opening. That's how big they were. You know Goliath, he was a big man and about 10 foot tall. And Og, King Og, his

sarcophagus was over 13.7 feet. So, they said his width was almost 4 to 5 feet. So, that's a big man. I mean he couldn't fit through that opening even if he crawled on the side. He's so big he bumped himself, coming through the door. So that's what they were up against.

And we have Carl Schwab, who's closest thing to one of those old giants. So, don't worry about Bill Gates, he's going to get hail stoned. Don't worry about Carl Schwab. God is going to destroy him. God is going to destroy all these elites, so-called elites.

They'll rattle like little BB's in a snake's tail, the little pebbles in the snake's tail. Look, Putin's got a bomb that can destroy the size of Texas or France. You think a little bunker that's 150 feet down (50 Meters), will destroy them. When Putin destroyed a NATO headquarters in Ukraine 120 meters down and killed everybody in there, 3 hundred of the so-called NATO people. There's coming a time, brother, sister, I just want to be gone.

So, *He said, "I, the Son of man, has sowed the Seed, and the seed is the Word of God."* And **every time you see this Bible say anything, it's a Seed**, and it's absolutely...

*And we're sowed with the incorruptible Seed of God.* 1Peter 2:23. *And if a man will take any Divine promise of God in his heart and water it with faith, it'll produce just exactly what it said it would do. Amen.*

Why? Because God can't lie, and He put it there. I trust Him more than trust, looking at my own flesh. My flesh is falling apart, but God's Word will never fall apart. And he has a promise that I have another body waiting. So, I'm not worried about this one. Right.

*Don't care what it is. Just take God's promise in your heart and there it is ...*

**God Providing Healing 54-0719E P:31** *The ground has to receive the wheat in order to reproduce life. And you have to receive the Word of God in your heart to produce what the Word says it will be.*

See, in other words, you have to receive the word. It says, I'm thy healer. And not take the jab. You have to believe, that God will heal all our diseases, including whatever the Germ warfare is, that they produce.

***The ground has to receive the wheat in order to reproduce life. And you have to receive the Word of God in your heart to produce what the Word says it will be.***

***Every Word of God is a Seed.*** Jesus said it was. The Sower went forth sowing seeds; He said ***the seed was the Word of God.*** And now notice, a corn will bring forth a corn, a wheat a wheat, a barley a barley. Whatever it may be, it'll produce. And if ***God's Word is a Seed, as Jesus said It was,*** and It's placed in the human heart, and there, watered by faith, ***It'll produce anything that God said in His Word that It would do. It'll produce.*** If you need salvation, ***"Come unto Me all ye that labor and heavy laden, I'll give you rest."***

So, if God said in His word in John 14:12 that he that believes on Me, the works that I do shall he do also, then you better believe it is for yourself. You better believe that the works of Christ will be produced in your life, If you have His seed. If you don't have His seed, it won't. I'm sorry. If you don't have His Seed. The only promise in the Bible for you is destruction. All right. So, I'm going to believe all things work together for my good.

***If you need healing, "He was wounded for your transgressions, with His stripes you were healed."*** (Not by some jab) *God has provided the sacrifice for sin and sickness. And worry, and trouble, and sorrows, and all these things, God has provided the Sacrifice. He's here tonight.*

I'm just sorry, but since we don't have YouTube, I just get freedom to say what's on my mind. But, if you take the jab thinking that they're going to help you, then you're the most miserable creature and really, you just don't understand that they are out to kill you. They want to depopulate. Now, if they want to depopulate, do you think they're going to help the mass of people? No, they're not. They're going to do everything they can in their power to kill off as many people as possible. And they just call it, oh, it's just germs. It's just germs. No, it's not. It's germ warfare. It's biological warfare. And you better believe it. You better be quoting the prophet of God, who said, it's coming because it is. It's all around us, OK?

I don't know why people have such a hard time believing God. Maybe because they don't really believe He exists? The Bible says, ***"if you believe that He exists, He is a rewarder of them who diligently seek Him."***

**Hebrews 11:6 But without faith it is impossible to please him: for he that cometh to God must believe that he is, and that he is a rewarder of them that diligently seek him.**

So, if you're diligently seeking Him, He's a rewarder. There you go.

**What Think Ye of Christ 53-1213M P:7** Then you trans-set it out into the yard, and it just keeps growing. But you can praise God just as soon as you get the acorn. Is that right? Because you've got the tree already. Is that right? Now, when God said, "**I'm the Lord that healeth thee.**" Just start praising. You got it; you got it right then.

You say, "Well, I don't see any results, but that don't make any difference, you got it anyhow."

Like last week I said, the little tree is just 1/2 an inch tall. Has every apple that it will ever be produced, every bushel of apples that it will ever produce. It has every flower it'll ever produce. It has every leaf it'll ever produce. Well, then, don't you think that if God, before the foundation of the world saw you look like you do. He had to get your parents together, your parents' parents together, your parents' parents, parents get together, all the way back to the garden, and that is a greater miracle than to simply speak a word and have a virgin birth conception. So, you are actually having more of God taking control of your life, than anything, because you're a seed. All right. Amen.

Now, when God said, "**I'm the Lord that healeth thee.**" Just start praising. You got it; you got it right then. You say, "Well, I don't see any results, but that don't make any difference, you got it anyhow."

See? **'Cause the Word of God is a Seed.** Is that right? And we are sowed with the incorruptible Seed of God. See? It can't perish; it's incorruptible. And here's a statement that I usually make in the healing services, "**The right mental attitude towards any Divine promise of God will bring it to pass.**" See? 'Cause it's a seed. It has to.

So, let's face it, You either believe God or you make Him a liar. You have a choice. The people that took the job, I'm sorry, they're making God a liar. They're putting their confidence in man, not in God.

All right, they're making God a liar. They say, I'm in the message and looking at a big badge as I got the job. I'm so proud of it. Well, you should be ashamed of yourself for not believing A vindicated prophet, that you claim to believe, but you don't really believe him, because if you believed him, you would not have taken it.

You would have said God, He is my healer of all A-L-L my diseases. God is a healer of my stroke. I wouldn't be here. I'd be a dead man or sucking on a tube. All right, He put me here. Now, I don't like the way that I am right now, but I'm believing for complete total healing.

So, let's face it, You either believe God or you make him a liar, because the promises are there. And the promises are from God.

He made them by His own Word. And since the Bible says it is immutable that God can't lie then who should you believe? God or science? God or Fauci? Who? The word Fauci. Actually, it sounds like fake in Italian, so he's a fake man.

Your doubts or God's Word.

**At thy word 53-1204 P:50** *You don't know how you'll get up out of that chair and get away from there tonight. See? You don't know how you're going to do this, and how these other diseases are going to be healed, "But at Thy Word, Lord, I'm going to let down the net." "At Thy word, Lord, I'm going to rise up from here. I don't know how I'm going to do it, but at Thy Word, Lord." That's it.*

**Take God at His Word, and God's spoken Word will materialize and produce just exactly what It says It will. Listen. The right mental attitude towards any Divine promise of God will bring it to pass.**

*I don't care what it is. If you plant, if you want corn, you plant corn, water corn, leave corn alone. It'll produce corn. Is that right? Wheat will produce wheat. The promise of salvation will produce a Christian. The promise of the Holy Ghost will bring It to you.*

You see, you are making God's image. You know these diseases are not going to touch you. They're not going to. And 1000 at thy side and 10,000 at thy right hand. But not one thing shall come near you. That's what the Bible promises us in Psalms 91:7. That's what we're counting on.

*The promise of Divine healing will make you well. Any Divine promise of God... And the Bible said that **the Word of God is a Seed**. Is that right?*

So, there you have it. God has made the promise and He cannot lie, so if you know the promise, and you believe Him for the promise, then just hold Him to his Word. That's all you have to do. You are not responsible for what God promises, you are just held accountable for what you do with what He has promised.

All right. Well, you say, I don't know. Well, then you don't know. You're not a believer. No. God said it. I believe it. That settles it, it'll happen someday. I just leave it up to Him in His timing. OK.

**Show Us The Father 53-0907A P:86 Don't resent that? That's the truth. The rapture is in us now.** I will prove it by the Gospel. **"Those who He called He justified, and those who He justified, He hath glorified."** (That's past tense.) *Hallelujah.*

**Then in heaven today we're a glorified in the Presence of God right now.**

Brother, Branham said. When I was over there, beyond the curtain of time, he said, I saw some of your brothers. Wait a minute. You mean they were sitting in the Pew in Jeffersonville Tabernacle, and you saw them in heaven? Yeah. You realize you have another body waiting already? Yeah, you realize that this one that's created has an end. But if you have another body waiting, it's not been created, it's been born.

So, you know what this is like. We get so upset. How many ever bought a new pair of socks, well, that sock has holes in it. So, I'll just get another pair. That's their attitude, right? What about this body? I'm just going to get another one. He's already promised and it's already waiting for me. It's glorified. You see, the elites don't have that promise. They have the promise of perishing. So, they're trying to make themselves think that they can live forever.

Listen, I don't care if you can live 10,000 years. You're going to die, then what are you going to do? You're going to face the Judge. So, I'd rather be with Him. I'd rather step over to glory and just be with Him right now.

**Then in heaven today we're a glorified in the Presence of God right now.** I'm just pushing out to it. Amen. Glory. God's in His Word. You believe it? All right. Got to hurry now.

*Many things we could say there, but God is in His Word.*

**Every Word of God is a Seed.** You get it? And you **just have to hold on to it.** Now, many people look at their symptoms. They say, "Oh, Brother Branham, my hand is no better. I still have this pain." That don't have nothing to do with it. **It's what mental attitude you got towards God and His promise.**

**Show us the Father 53-0907A P:83** *God in His Word, you believe God is in His Word? Every seed of God, **every Word of God is a Seed**. You believe that? Now, it's just like a seed you planted. If it's wheat, it'll come up wheat. and every Word of God is...**Every Divine promise of God will come to pass exactly if you'll put it in the right kind of a ground and let it grow.***

Now I remember, when I realized this and said, the Bible says that there will be manifested sons. That means I'm going to be a manifested son because that promise for me. I'm going to be an adopted son because that promise for me. So right now, I'm somewhere between birth and a fully mature son. I believe every Divine promise, of God. There's 800 of them in the Bible and I believe they're all for me. Now I hope you do too because that makes us partners. That makes us brothers and sisters. You see, we're going to spend eternity together. You just don't worry about it.

I mean if I want to go visit brother Sem, I'll just think it, and I'll be there in Norway and I'll spend some time and see the waterfalls and things like that. Then I'll think back to being with my family or being in their presence. They say, where did Dad go? Oh, he just went to visit Brother Sem. You know Brother John. So, you know that's God. OK. All the way, it's God.

*Do you believe that? Place it there; say, "**Lord, by His stripes I was healed. I am healed. I accept it, Lord, and I'll never say nothing else.**" I tell you, brother, that spits the dust in the devil's face right there, for its **THUS SAITH THE LORD, I'll stay right there live or die. I'll stay right there.***

***That's my convictions. That's my stand. There's where... On Christ the solid Rock I'll stand. All other grounds is sinking sands. Stay right with it. Yes, indeed. It'll produce just what it said.***

So, if you just want to go out and shop, you want to get something new? Why don't you just open your Bible and shop? What promises are for me for today? Because I'm going to claim them. And see if God doesn't produce it in your life, I'm talking about the Third Pull. I'm talking about, we have enough faith to say to this mountain be moved and no doubt it'll start moving. And so, you just stick with it, because even if it's only 1 Pebble, you see 1 Pebble falling down the mountain. The mountain's moving and it's going to move from here to there, because that's where you placed it. Just like Adam he placed the mountains, he placed the river.

I mean Adam, He said to this animal. Adam had full control of where it was. It's like the husband buys you goods and stuff and brings them home, but you take care of it, and you put it on the wall. The picture on the wall and you dress up the home, make it from a house to a home and you make it livable. That's what we are to do, take the word and make it livable. You see it's just God wants you to apply it. Do you realize that when God said, the Bible says, God thought about this and this and this and this, and then God rested? Do you ever think about that?

Why would a God who never sleeps, a God who's never tired, want to rest? Because he already laid out the plan. He already laid out in the creation, the preparation for you, the preparation. I'm going to get into this in sermon 139. It's just really wonderful that God has laid out the preparation like an author of the book. You see a person come into the book in maybe chapter two or three, it's just a preparation. Maybe the main person in the book isn't even seen until 3 or 4 chapters later. What? Because the authors are preparing your mind for the entire story. Then he brings in the main character and then from there it's all laid out.

Well, that's what God did. He laid out the foundation of the world for you. He put mountains here, because he knew that you would like them. He put rivers here for you. And water, because I love water. He will put water there for you because He knew that this child really loves water. And some people love the desert, so He made a desert for them. You see, God laid it all out. He prepared the earth. He prepared the dinosaurs and everything else. You say: What does that have to do with me? It's a preparation. He did all these things to prepare for your existence on earth. Well, just think about the new Jerusalem. He said, I go to prepare a house for you. Wow. So, He's got everything under control. I just feel good. I just want to praise Him. I just want to thank the Lord for everything He's doing. All right.

*Do you believe that? Place it there; say, "**Lord, by His stripes I was healed. I am healed. I accept it, Lord, and I'll never say nothing else.**" I tell you, brother, that spits the dust in the devil's face right there, for its **THUS SAITH THE LORD, I'll stay right there live or die. I'll stay right there.***

***That's my conviction. That's my stand. There's where... On Christ the solid Rock I'll stand. All other grounds is sinking sands.***

That is what I loved about Brother Don, he was so sure where he was going, that the only frustration he had was not getting there fast enough. I don't think he worried about the operation he had; I think he hoped it would

help him to pass over sooner than he expected.

I don't think he really thought, well, I'm going to get the operations which is going to save my life and I'm going to make the Rapture. He said, I want to get there first. I want to just get over there. I'm just tired of this world. I want to get over there. My body's broken down. I'm just ready to go. And you know what? He wanted to get there. So, he had the right motive. Most people worry about making it, he didn't worry about that. He expected to be there.

He saw the two sisters that greeted him, and one died last year, and one died during this year. So, you know he saw them in the vision. So, you know, it's just God has everything under control. All right. And I told him, basically I just said to him, if you want to lay in that condition for another eight weeks or so, keep it up. But if you just get real sweet, I said God will be looking with open arms to receive you. So, he got himself ready and God took him home in very short order.

And see, that's it. We need to be loving and sweet to everyone. There are some people that are really negative. They are like in the Peanuts cartoon, that little boy that walked around with the cloud, following him everywhere he went. They're like that. They got a cloud. They got a negativity. I think it was Einstein, he said, you know that they always have a problem for a solution instead of having a solution for the problem. You know, positive people have a solution for the problem. They have a problem for the solution. That's just the way they are. But God wants us to be like those people, that were past the Riven Veil, all right, when we'll go over there.

**Show us the Father it'll satisfy 53-0610 P:40** Now, in His Word, **every Word of God is a Seed**. And **every Seed will produce just exactly what it is**. You farmers know if you plant a grain of seed, if it's a wheat, it'll come up a wheat, whatever it is. And **every Word of God**...Jesus said a Sower went forth to sow seed.

And **the Seed**, Jesus said **was the Word of God**. Is that right? **Then the Word of God will produce any Divine promise in here that's made**. If it'll fall in the right kind of a ground, it'll produce just exactly what it said it would.

Just like my granddaughter, she couldn't get the ball up to the net and she couldn't get it over the net. And just one day I was working on her confidence because you see, you build up their faith. Now she has faith you can get it over in her game and she scored points. So, I'm just saying even with children, they sometimes lack a little faith. Their faith is more in their parents than it is in anything else. And so, you just abide with them

and show them that you are really their brother. God is your Father. And then help them to take that step in their life toward faith and they will have mental faith. The Holy Spirit waters it and it becomes a Divine revelation.

**Expectations 53-0507 P:16** **Satan hasn't got any legal rights at all over a Christian.** *Every time a man gets saved, God just writes out a whole big bunch of checks like that, and puts His Name at the bottom, said, "Here they are. Fill them out."*

How many have ever been given a check by someone? They signed it. And they said, look, just take care of the job, whatever it is. I signed the check. I've seen that done, OK? That's what God has done. That's what His promises in the Bible are there. So, the money is in the bank already. Don't worry about God. God's not going to run out of money. You know, we say welfare, sign the check. Will the money be there? Well, with God, it's going to be there. All right? So just believe it. Sign the check and just get your healing. OK.

**Expectations 53-0507 P:16** **Satan hasn't got any legal rights at all over a Christian.** *Every time a man gets saved, God just writes out a whole big bunch of checks like that, and puts His Name at the bottom, said, "Here they are. Fill them out." Are you scared of it? Fill it out. "Whatever things you desire when you pray, believe you receive it. It'll be given to you." Mark 11:24. See? Just believe it. And every Word of God is a Seed that'll bring forth...It'll bring forth what it's purposed for.*

You see, when a person says I'm having trouble with John 14:12, it's only for one person. Well, that person doesn't have faith in Mark 11:24 either. Say this mountain be moved. Don't doubt in your heart. He doesn't have that faith in whatever you say, whatever you desire, say it and it'll happen. They don't have faith for that either, you see, because they don't have faith. Period. So every divine promise that God is for us, if it's nothing, we might as well be the most visible miserable creatures and just, you know, be like the world.

*I see many of you down here raising cotton, apples, peaches, fruits. When that little apple tree is no bigger than that right there, **every apple that'll ever be in that tree is in it right then.** Dozens of bushes of apples is in that little tree, right then. Why, you say, "Brother Branham, no." Well, where'd it come from, if they're not? They're in the tree right then.*

*Then plant it because it is already a done deal.*

That's why I said you have the DNA in you that was passed on from your parents. But God to make sure that your father fell in love with his wife to produce you. Wow, God's interacting in their life too. Then God had to make sure your grandpa and your grandma came together to produce you. Now whether they stay together after they produce you, that's not the point. The point is they had to be there in order to produce the genetic qualities that make up who you are. So, we are so ungrateful to think that the virgin birth is really something, but we're just nothing.

No, you are something you were actually, God had to figure out how to get your parents together, how to get your grandparents together, how to get you great, great, great grandparents. How to get you great, great, great, great, great grandparents, together to produce the genetic qualities of their DNA coming together to form little you. And everything that you will ever be, was in that little sperm and egg, everything. Wow.

Every apple in the apple tree. Every blossom in the apple tree.

But every quality that you express, whether it's your nature, whether it's the things that you do, the things that you have. Like my grandson, William, he's a really good engineer. Where did he get there from?

Well, he got it from somebody. And so, I think he got it actually from his dad and his dad got it from his grandfather, and maybe his father, too, but I know his grandfather for sure. But you see, because he was an inventor, right? Yeah. On the Family of Warren side. OK, so he was an inventor. So, see, he got all those attributes.

And you say, wow, he just learned that in school. They don't teach that in school. They don't teach you how to think in school. They teach you what to think. Did you ever think about that? We should. We can't take a child and teach him how to think. He has either God in him or he doesn't have it in him. You can give him a doctor's degree and I've seen some of the stupidest people in my life that were doctors. They have no common sense. But boy, they were sure smart as far as your books are concerned. All right. They planned it because it's already a done deal.

**Expectations 53-0507 P:12** *Let us bow our heads a moment. Our heavenly Father thank Thee for Thy Word and may **Thy Word become a living reality here**, tonight. The Word dwelling in our flesh... **Every Word of God is a Seed. And every Seed sown correctly in the right kind of ground will bring forth just exactly what it's supposed to.***

*Corn will bring corn; wheat will bring wheat. And **every Divine promise of God will bring forth what it promised.** May the Seed fall in good fertile ground, bring forth a hundredfold for we ask it in Jesus' Name. Amen.*

**Our hope is in God 51-0929 P:14** *I wanted to finish telling you the vision that was last night, the little boy being raised from the dead in Finland. **How many here had that wrote in their Bible before it come to pass,** you heard me speak of it in the auditorium, raise your hand? I asked last night. About the little boy being raised from the dead in Finland. Let's see your hands go up, the ones... **All over the building,** everywhere, look at it. See, that was long before it took place.*

And yet what happened? It was a seed. God told him. A little boy would be raised from the dead. He said, when he was over there in Finland. And he told people in Los Angeles all over the place. He said there's going to be a boy raised from the dead. Thus saith the Lord. When he gets over there, he sees this boy dead, he sees it's a car accident. It's a foreigner. He says get your Bible out. He looks at it, in the leave of the Bible. There it is, right there.

That's saith Lord the prays for the boy the boys raised up in the dead. The Russian soldiers that didn't believe in God said we could believe a God like that. You see, we're going to a place brother, sister that's so unbelievably true. And reality and it's going to be so wonderful. Never a headache. Never a night vision or any problems with your hands or your arms or no arthritis, Nothing. You're going to be 16 to 20 years old, and that's where you are going to be for eternity. Hey, guess what that means? You don't need a whole lot of clothes because the ones you got will fit and they will last.

Like Israel went through the wilderness and they never had the get any new raiment. 40 years in a humid dry desert. And those people walked in there and they never had to change shoes. They never had to go to Kmart, Walmart. They didn't have them. God provided everything and they just left with what's on their back and it lasted until they got there. Wow. It's great to think about that. You don't have to worry about fixing up your barns again and this and that because they'll never go bad. Once they're up, they're up, they're good. They look like new for eternity.

***Always speaks that way, and you just write it down, that it's perfect. For it's not man***

*that's speaking; it's God. This is God's voice to the people, **every Word of God is a Seed and will produce just exactly like it's spoke in the Bible, if it be received in good ground. Now that's God's voice to His Church.***

**Only one true living church 51-0727 P:11** *Now, if you will accept now what He done for you then... Now, He is the... **Hebrews 3:1. He's the High Priest of our confession.** Now, anyone who knows the Scripture, knows that that word is written "**profession**," but the same word's translated "**confession**." In other words, He cannot save you by the merits of your prayer.*

*He cannot save you by the merits of your enthusiasm or your good works. He saves you by the merits of your faith and your confession. "**For if you will confess Me before men, him will I confess before My Father and the holy Angels.**" And whatever, Listen close. Any redemptive blessing that's written in the Word...Now, there's no need of you arguing of it, whether it's in the atonement.*

***If it's in the Word, God is sovereign and has to fulfill His Word. "For heavens and earth will pass away, but My Word will not pass away."***

You have a Bible, every one of you. And there are so many promises in here. And we didn't even know of the 82 events had already taken place, but they're there anyway, because you didn't fulfill them. God fulfill them. And now that we do know, we're looking for the next ones to come. All right. And we will get the next one if we're looking for it, we'll get it. And that's the redemption of the body. Wow, Brother John, you're going to be young again, and the redemption of your body is coming, Brother Nathan. Redemption of your body is there. That's really a wonderful thing.

***If God said so...God is worth no more than His Word. And if His Word is no good, then He is no good. If I can't put no confidence in what you say, you're no good. But you're just as good as your word is. And God is just as good as His Word is.***

***And I, as a Christian believer, I believe that this Bible is inspired, and It is written by the Holy Spirit, and It is the infallible Word of God. And God is under obligation to His Word, to the believer that will accept His Word.***

Now isn't that wonderful? He said not only is God obligated to His Word but to the believer that will accept His Word. You see because if He said, he that believes on Me and Brother Branham said, that's any believer with

the Holy Ghost and he said, he can't be a believer until he got the Holy Ghost. But any believer, everyone, anyone he said it like 5 different times, 5 different ways that he is. And so, God is not only obligated to His Word, John 14:12, but he's obligated to you, to perform it. Wow.

God is obligated for you to have the third pull. God is obligated for you to say to this mountain, be moved and don't doubt your heart. God is obligated for you. Any desires in your heart, He will give it to you. That's really just a precious thing. Get rid of all your doubts, get rid of all your desires, that are not scripture and just hold His scripture once and then watch Him, because they might be 1/2-inch plant right now and you might wait around for five years.

I remember planting those trees in my front yard and they were about 5 feet tall, and I sat there for about 5 years or so and I said will those things ever grow? And all of a sudden, they took off and they're 70 feet tall right now. And they are exactly the way I wanted them when I planted them. But when I planted them, they weren't that way yet, but they are now. So that's really a wonderful thing.

*And any **Word is a seed**. If you accept it in your heart by faith, and believe it, and **confess it, God will bring it to pass.***

**Angel of God 51-0720 P:19** *And every Word of God is a Seed, and it'll materialize if you'll believe it. Just accept it in your heart, believe it, and it'll come to pass.*

Now you see, if I had stayed the same age and was in my 16- to 20-year-old, it wouldn't have bothered me to have to wait, because I didn't grow older, but I have grown older. These plants have too, and they're fully matured, and they're 70 feet tall and they're just absolutely beautiful. So, we ought to be seeing what is in God's word and be looking for the reality of that Word because it is a seed in here, in your Bible, but when God interprets it by bringing it to pass it becomes a reality to us, but not to them. They can't see that reality, it's still a seed to be manifested in the future in their minds.

But in my mind, I don't see it here anymore, I am actually seeing it out here. You see, you want to be looking for the word manifested. Don't be satisfied that it's in the Bible. Don't be. Just say. Well, it's in the Bible, so now you are sons of God. Not I will be. You are now sons of God.

So, you are setting in heavenly places in Christ Jesus. Oh, I'm actually setting in heavenly places in Christ Jesus. You are now a glorified person in the presence of God. Not, I will be. You are now. So just get yourself out of the way. Change I'll say it this way, Change coats. In other words, you and your body.

**As I was with Moses 51-0503 P:22** *Now see, that Roman recognized that Jesus of Nazareth had the authority over sickness, for he **was a man in authority**. And he knew what he said, it had to be. See? Now, he says to this man, if he's going that way, he said, "Come back this way," he has to do it. He has to, because he's in authority.*

*Do you know whereof I'm talking about? All right. And he knowed Jesus had that much authority, and more, over sickness. He said, "I'm not worthy that such a holy Person as You would come under my roof. But I know what authority is. You just speak the Word, and my servant will live. Just speak the Word. "And Jesus said, "**As thou hast believed. All right, go, thy son liveth,**" and so forth. All right. That's His...*

He did not even lay hands on him. He simply said the word. And I said, that's good enough for me. Is it good enough for you today? That he's promised His word for you? It's good enough for me.

*That's His Word. And **His written Word tonight is a Seed that'll take life as soon as you believe His Word**. It's just the same authority tonight over all sickness as It was then. And **these Supernatural acts is to bring your faith back to Him.***

Oh, that's a good one. These supernatural acts are only to bring your faith to Him. It's to bring the word into reality. You see God wants you to see the word as a reality, not as this book was written 2000 years ago by Jesus and the apostles and stuff and it was written 4000 years and whatever, 5000 years ago by these men of God. No, it's written for today. It's written, Brother Branham said, every word in the New Testament was written for this hour: Every promise written for this hour. He said, "I'll tell you, a parable. One man, one force. He said he had a net, and he threw it into the sea. What's the sea? People's, Nation, Multitude, and tongues.

And guess what? It brought in fish and other things. Now that could not have been possible until this day, when God took the Internet, and he brought forth fish from everywhere. You Sisters, even though you started on this journey, it was when you came back and saw it on the Internet.

You came into the net. See, that's God. That's His Word fulfilled for you. It's just beautiful. God did that for you. He created the Internet for you. Brother Branham said, He created the tape recorder for his ministry, and He's created the Internet for you, so that you could partake in the glories of God. Oh, it's just really wonderful, it is like the author has been preparing for maybe one or two chapters of a book, but now you're living it. You stepped into the book, and you are there.

*quicken it right quick (See?), make it quickened to Him. Now, but Jairus, he just couldn't see that when his daughter was dead.*

*He said, "**My daughter is dead. But come lay Your hands upon her.**" Now, if Jesus would've said, probably, "**I'll speak the Word,**" Jairus couldn't hardly see Him speaking the Word. He wanted Jesus' hands to be laid upon him. And as soon as Jesus took the daughter by the hand, it confirmed his faith, and there it went. Is that right?*

See the difference between Jairus, he was a Jew and the man, the captain, he was a gentile. He believed it by faith. He didn't say you come to my house. You send me a prayer cloth. Do this, do that. No. He said, just say the word and I'll believe it. That's it, all right.

### **God revealing Himself to His people 50-0813E P:39**

*Everybody be real reverent. If you can get the person... Just what I was trying to do to the woman, was get her in the right mental attitude; she wouldn't have to be prayed for. **The right mental attitude towards any promise of God will bring it to pass.** Do you believe that? **The Word is a Seed** (Is that right?) that a Sower sowed in the ground.*

Brother Branham wanted to heal a girl and she didn't have faith and he said, you see that string on the lamp, that we pull on the ceiling? How about if I make it go clockwise? And so, Brother Branham made it go clockwise. And it went clockwise. He said, now, just so that, you know, it wasn't the wind, I'll make it counterclockwise. So, he makes it go counterclockwise. Then he says to her. Now, I know that you don't have faith, but do you have faith in me? She said yes. Then I'm telling you, I have faith in the word of God. And you know what? The girl received her healing right there. And she was healed, after 20 years in bed. She was healed instantly.

*And **every Seed will bring forth of its kind.** If you need salvation, the Seed's here. If you need healing, here's the Seed in the Word. **The Word of God is a Seed.** Put it in your heart. Don't dig it up every morning to see*

*if it's sprouted, put it in there and leave it there. It's God's business to bring forth the harvest. You just leave it there; water it by faith and praise every day thanking God for it.*

**Believest Thou This? 50-0716 P:16** *Now, notice. Here it is! I want you to see it and get it now. The Word of God, written Word of God will defeat Satan, anywhere, any place, any time.*

Now I remember, when I was a kid, the boys across the street were throwing rocks. So, I got my dad and stood behind him, and My dad was going to defeat those boys. He sent those boys back home. Well, we got a God that'll do the same thing. So, get behind Him. Get behind His Word and anything is possible. Everything's possible.

*The Word of God, written Word of God will defeat Satan, anywhere, any place, any time. It's written. There it is. Everybody wouldn't have gifts. Jesus brought it down to a place where those who do not have gifts, that do not have very much faith, could just say, "**It is written.**" **There it is; and then just stand right on that.***

*Corn will bring forth corn. Is that right? Barley will bring forth barley. Wheat will bring forth wheat. Jesus said that **the Word of God is a Seed that a Sower sowed.** And every Word will... **Every Word of God, every promise of God will bring forth of its kind.** Do you believe that? See?*

Let's just bow our heads in prayer.

Gracious Father. We know it's a very simple message, but yet we're just looking at Your Word Seed and I just want the people to be, so in love with You and expect. I really want them to live with an expectation in their hearts that they will receive. And that you will change their bodies. And this we are asking; In Jesus Christ's Name we pray. Amen.
